

DESIGNED TO SPUR INNOVATION

Corporate + Commercial Group

GHAFARI

SPACE
TO
THRIVE

We design spaces that drive people to collaborate and innovate.

We believe workplaces should be engaging and functional, high performing and human-centered. This balance can be elusive, but our integrated team is dedicated to achieving it.

When we create corporate and commercial spaces, we use a research-driven approach that allows us to fully understand each client's distinct goals, culture, and business. As we tailor spaces around these unique elements, we look beyond how a client works today to find more efficient ways of getting things done. The result is a dynamic, yet enduring workspace that drives success.
